

ACS PANEL: IOT & CYBERSECURITY DATABASE ANALYSIS

ACS Panel sessions are one-hour sessions focusing on a current tech topic. They aim to facilitate an interactive discussion and networking by discussing IoT, its cyber security risks and how to secure your data

Registration End Date: Mon, 28 Feb, 10:00 AM

SOLD OUT ▶

WHERE

ACS Melbourne Innovation Hub
Level 14, 839 Collins Street
Docklands VIC 3008

WHEN

Event Start: Tue, 01 Mar, 05:30 PM
Event Finish: Tue, 01 Mar, 07:00 PM

EVENT PRICE

Member: \$0.00

Non-Member: \$50.00

Any device connected to the internet can be hacked, attacked and misused by those with criminal intent. Each newly connected device represents security risks that are often overlooked or underestimated.

In fact, with IoT security breaches, it is rarely a case of just one device or one dataset being compromised. Rather, when attackers crack one IoT device, they can potentially gain access to entire fleets of devices — and their data.

Join facilitator Professor Matt Warren, along with panellist's Matt Tett, Advisor & Subject Matter Expert from IoT Security Trust Mark and Dr. Malka Halgamuge, Senior Lecturer in Cybersecurity from La Trobe University as they

discuss IoT, Cybersecurity and database analysis.

Please note: This is a face-to-face event taking place in the ACS Melbourne Innovation Hub located in Docklands.

ACS Panel: IoT & Cybersecurity Database Analysis

Tue 1 March 5:30PM AEDT **IN PERSON**

Professor Matthew Warren
Facilitator
Director,
RMIT Centre of Cyber Security Research and
Innovation (CCSRII)

Matt Tett
Panellist
Advisor & Subject Matter Expert,
IoT Security Trust Mark

Dr. Malka Halgamuge

Senior Lecturer in Cybersecurity,
La Trobe University

IMPORTANT NOTICE FOR ALL ATTENDEES including ACS Professional Year Students. When attending events, to claim and qualify for the required CPD hours, Professional Year students need to attend the event in its entirety, which will be tracked by the ACS events team

We take the health of our members, staff and the community seriously. Therefore, all necessary COVIDSafe steps will be taken in order to keep you and other guests safe at ACS events. Due to the importance of contact tracing for COVID-19 purposes if required, it is important to have your attendance registered.

On arrival at registration, please make sure to have your event confirmation e-mail with QR code ready to present where your attendance will be recorded. This can be provided via your phone or a printed copy.

OBJECTIVE

Strengthening the Profession, Ensuring the skills; Connect members & professionals

AGENDA

SCHEDULE	ACTIVITY

Event Terms and Conditions

Disclaimer

- ACS reserves the right to change the program at any time. Every effort will be made to ensure a program of equivalent standard and members are updated with changes.
- All dietary requirements are considered, however we cannot guarantee a 100% allergen free environment.
- ACS reserves the right to prohibit entry or eject any person from an ACS event based on behaviour deemed inappropriate by ACS staff, its agents and/or others working under its authority.
- Filming or streaming by attendees is not permitted. If an attendee is found to be doing so they will be asked to leave the event immediately and further action may be taken.
- Photography and/or filming may take place during this event, by accepting these terms you consent to this. Please let a member of ACS know if you do not want your picture taken.

COVID-19 Event Attendance Compliance

By registering to attend an ACS in person event you are agreeing to the below terms and conditions

- If an attendee is displaying flu or cold like symptoms in the days leading up to the event and therefore is not able to attend, ACS will refund the registration fee.
- If an attendee comes to an event and is displaying flu or cold like symptoms they will be asked to leave
- We ask all ACS members to respect the social distancing guidelines, if an attendee repeatedly disregards these guidelines, they may be asked to leave
- ACS reserves the right to cancel the event within 24 hours' notice if either the speaker or the event host has advised us that they are exhibiting flu or cold like symptoms
- All attendees must provide a valid phone number and email address to be contacted on if there is reason to notify about a possible COVID-19 exposure

Personal information collection notice

By registering for this event, you are providing personal information to the Australian Computer Society. In accordance with the ACS Privacy Policy, ACS collects personal information through registrations and attendances at its events for the purposes of:

- organising and providing the various professional development events held by the ACS (including for example, courses, conferences, seminars, workshops, lunches);
- processing and managing event registrations (including catering for dietary requirements);
- maintaining event attendance records;
- contacting registered event guests with information in regard to the event and seeking post-event feedback;
- communicating with you to in relation to future events or ACS products, courses, services, promotions or other products or services that ACS reasonably thinks may be of interest to attendees;
- processing and responding to attendee inquiries; and
- conducting research to improve its events and better understanding needs.

If the required information is not provided, we or any involved third parties, may not be able to respond to you, update you, or provide appropriate services or events to you.

We may obtain personal information directly from you or from someone who registers for the event on your behalf. If you provide us with personal information about another person, you must do so only with their consent and agree to make them aware of this privacy notice.

ACS may share your personal information with third parties for the collection purposes noted above or as set out in our Privacy Policy, where it is reasonably necessary for, or directly related to, one or more of our activities, or required by law.

When you register to participate in an overseas event, we may send personal information we collect overseas.

See our Privacy Policy at <https://www.acs.org.au/privacy-policy.html> for more information about our privacy practices.
