The Tenth Asia-Pacific Bioinformatics Conference will be held in Melbourne, Australia. APBC2012 invites high quality original full papers on any topic related to Bioinformatics and Computational Biology. The submitted papers must have not been published or under the consideration for publication in any other journal or conference with formal proceedings. All accepted papers will have to be presented by one of the authors at the conference. Accepted papers will be invited to be published in BMC Genomics, Proteomics, IEEE/ACM Transactions on Computational Biology and Bioinformatics, International Journal of Bioinformatics Research and Applications.
